LITTLE ROCK (AP) — Senate officials planned to deliver a copy of a "kidnaped" \$21 million dollar highway bond bill to Gov. Orval Faubus today.

The copy will take the place of the original bill, which its sponsor, Sen. M. A. West, of Paragould, took with him when the Legislature adjourned its session March 12.

The bill if signed by Faubus will set up a statewide election on whether a bond issue shall be approved to raise money for highway construction.

West took the bill to Paragould with him because he was "displeased" because a companion bill did not pass. The companion bill would have restricted the state Highway Commission in its use of the bond issue money.

Contacted at Paragould yesterday, West said he had not decided what he would do about the bill. He said he wanted to study it. Faubus has until April 4 to sign or veto the measure, he has agreed to veto it if West wants that done.

"I would be in a bad position of asking the people to vote on a bond issue when the sponsor of the bill didn't want the bill signed," Faubus said.

West said he would reach a decision before the April 4 deadline and bring the bill to Little Rock.

## Judge Can't Free Man in Mercy Killing

PHILADELPHIA (AP) — Although he was sympathetic to the request, Pennsylvania's constitution stopped the judge from freeing a 30-year-old man accused of killing his aged and sick wife.

The unusual request to free George Hope, at least until his trial starts, was made in Common Pleas Court Tuesday by Asst. Dist. Atty. Paul M. Chalfin and Albert S. Olenick, the old man's attorney.

But Judge Ethan A. Doly said the constitution allows him in all but capital cases where the proof is evident or presumption of guilt is great.

The two attorneys had sought to have Hope released in the custody of his daughter, Lacy Dickie, 31, of Newburyport, Mass.

Hope remained in a hospital bed Tuesday while his 30-year-old wife, Ada, was buried.

The judge said he was "displeased" because a companion bill did not pass. The companion bill would have restricted the state Highway Commission in its use of the bond issue money.

Contacted at Paragould yesterday, West said he had not decided what he would do about the bill. He said he wanted to study it. Faubus has until April 4 to sign or veto the measure, he has agreed to veto it if West wants that done.

"I would be in a bad position of asking the people to vote on a bond issue when the sponsor of the bill didn't want the bill signed," Faubus said.

West said he would reach a decision before the April 4 deadline and bring the bill to Little Rock.

## Demands Probe of Labor Plot to Use Integration

By G. MILTON KELLY

WASHINGTON (AP) — Two senators demanded today that the Justice Department investigate alleged labor union plot to use racial tensions as a weapon in labor disputes.

The story of the scheme came out Wednesday in the Senate Labor-Management Committee's hearings on racketeering in the Miami area.

The committee placed in evidence a letter from a Miami Teamsters official, David Frechette, to Teamsters President James R. Hoffa asking for \$15,000 to finance the plan.

Committee investigator Walter Sheridan testified the exchange of letters had disappeared from Hoffa's files. But he said the union's financial records show that \$15,000 was sent by Hoffa to Frechette's Local 280 in Miami after Frechette's request.

Frechette himself invoked the Fifth Amendment in refusing to answer virtually all questions.

"The union should engage the immediate attention of the Civil Rights Commission and the Justice Department, if they want to pursue the exploitation of the minority race," the committee's chairman, John L. McClellan (D-Ark.) told reporters. He called it a conspiracy.

Sen. Frank Church (D-Idaho) also urged a follow-up by federal agencies.

Frechette's letter to Hoffa named Bernie Rubin, head of three Miami Laborers' Union locals, as the man who had planned use of the racial scheme against anti-semitic contractors engaged in housing projects in which FERA or VA mortgage financing would be a factor. Federal law forbids racial discrimination in housing constructed with government financial aid.

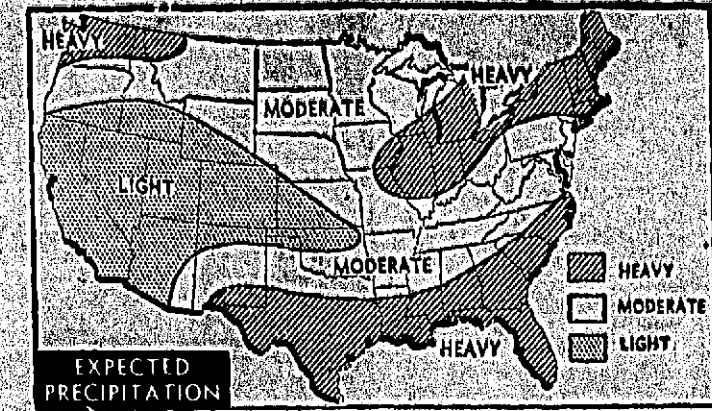

The letter asked Hoffa for \$15,000 to help the Teamsters apply the purported Rubin scheme against "Acme Concrete," a Miami firm then working on a home construction project.

Frechette wrote Hoffa: "On a Sunday, when the developer has his model homes on display to the public and when he makes his sales, with a few hundred colored laborers and their families who parade through the models and express an interest in purchasing a home in the project, with a few actually making application."

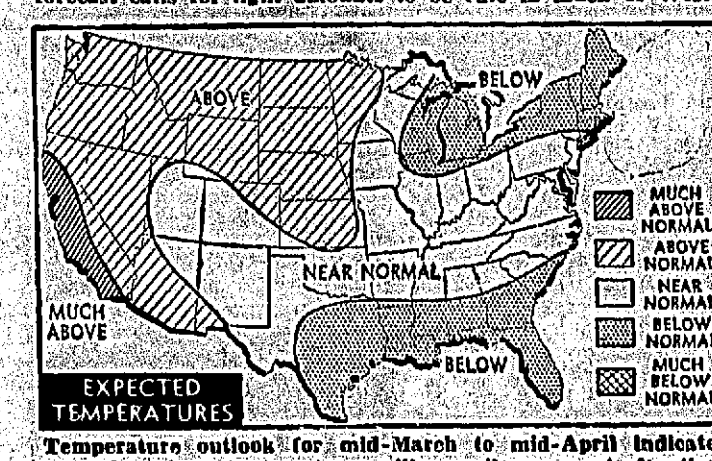

"In the light of this segregation thing here, this ruins the sales for the day."

The letter emphasized that the purchase is phony, in that any Negro buyer actually was acting only as an agent for the union, which would hold title to the house.

The committee described this as a method to get at contractors by embarrassing the actual owners of the development.

Weather Bureau's 30-day mid-March to mid-April precipitation forecast calls for light amounts to be rule in much of West.

Temperature outlook for mid-March to mid-April indicates normal or above temperatures will prevail over most of nation.

## Allies Hand Reds Plan for Meet of Ministers

By JOHN M. HIGHTOWER

WASHINGTON (AP) — President Eisenhower, British Prime Minister Harold Macmillan and French President Charles de Gaulle agreed conditionally today to meet Soviet Premier Nikita Khrushchev at the summit on the Berlin crisis and other problems.

They differed materially, however, in the conditions they placed on the conditions.

A U.S. note said this country is prepared for a summit of heads of state "on the understanding" that the prior meeting of foreign ministers at least narrows differences and prepares "constructive proposals."

The British note to the Kremlin took a considerably more positive approach. It said the British would be glad to go to the summit "as soon as developments in the foreign ministers' meeting warrant."

It spoke of a summit meeting this summer, whereas the U.S. note only spoke of such a conference as soon as the foreign ministers' action might justify it.

The French language concerning conditions was still stiffer than that of the United States. President de Gaulle, in his note to Moscow, made his attendance hinge on whether the foreign ministers meeting "permits the achievement of genuine progress" at the top.

And the French spoke only of a summit session "at an appropriate time," instead of mentioning this summer.

All three of the Western notes reserved the right of all participants to bring up whatever subjects they choose.

That is in contrast to the Soviet idea of confining the talks solely to Berlin and a German peace treaty. In a March 2 note, the Kremlin proposed that the foreign ministers' meeting, at least, be held exclusively to those subjects.

U.S. officials said that they considered the Western notes to be substantially the same thing. The difference was in the timing, they said.

The Western notes were proposed that the foreign ministers' meeting start in Geneva May 11, to consider questions relating to Germany, including a peace treaty with Germany and the question of Berlin.

From there on, they went into their divergent approaches to the summit session.

Despite the variations of emphasis, the Western proposals appeared to bring closer the prospect of a conference of President Eisenhower, Macmillan and de Gaulle with Khrushchev.

The American note was released here, and the British and French communications in Paris and London, after their delivery to the Soviet Foreign Office.

In general they all followed the line of a formula worked out by Eisenhower and Macmillan at their Camp David meeting last week.

That plan calls for dealing with the Berlin crisis through diplomatic negotiations aiming toward one or more summit meetings.

## Forest Queen to Meet President

LITTLE ROCK (AP) — Almost \$5,000 and a chance to meet a President Eisenhower await the Arkansas girl who is chosen as the state Forest Queen.

The contest opens April 4 and the queen will be crowned Sept. 20. It is sponsored by the forest industry.

Jim Martin, information officer for the state Forestry Commission, said he hoped most counties would stage local elimination contests to pick entrants for four district contests. The district winners will be judged at Little Rock Sept. 10.

Contestants must be between 17 and 21 years old. They will be rated on poise, personality and appearance.

"The queen will reign over forest activities for a year."

A U.S. note said this country is prepared for a summit of heads of state "on the understanding" that the prior meeting of foreign ministers at least narrows differences and prepares "constructive proposals."

## A Pre-Easter Storm Lashes Across the U. S.

By THE ASSOCIATED PRESS

A lashing storm pelted into the Midwest today from wide plains areas paralyzed by snow and ice, numbed by wind wreckage.

Behind the churning cold front there were heaped snowdrifts which settled off 20 counties of western Nebraska.

Tornadoes and high winds tore damaged buildings in communities and rural countryside with most concentrated mischief during the night at Alva, in northern Oklahoma; and Denison, north central Texas.

Heavy driving snow continued in buildings on the northern section of the storm front in Kansas and Nebraska, with thunderstorms and swirling winds, laced with rain or hail to the south.

Snowbound western Nebraska, with a fall of up to 18 inches flung into man-high drifts, had blocked highways, and severed communications lines. Twenty-one communities in southwest Nebraska were reported isolated from outside communication.

The chilly spring storm, abating in the Rockies, lost some of its fury as it swept eastward powered by strong northerly winds.

Heavy snow warnings were issued for Nebraska, Iowa and Minnesota. Lighter amounts were in prospect in northern sections of Wisconsin and Michigan and parts of Texas, Oklahoma, and Kansas.

Texas staggered from an outbreak of wild weather. Tornadoes, snow, hail, rain and strong winds lashed the Lone Star state Wednesday. Excessive weather followed the snow in the Panhandle region. The tornadoes caused some property damage and injured one person.

In the western sections of the snow belt, many roads were impassable. One death was attributed to the snow in Colorado. Hundreds of autos were abandoned on main thoroughfares.

The Santa Rosa was expected to proceed to New York, arriving in the afternoon. The Valcham was reported disabled and awaiting tugs to take it to the tanker. The Valcham is owned by the Valcham Line.

The Coast Guard said the Santa Rosa's bow sliced half way through the tanker in the engine room section near the stern when the vessels came together at 3 a.m. about 22 miles east of Atlantic City.

The cause of the crash was not immediately reported. The weather was described as clear with a slight haze at the time.

First word came from the Santa Rosa in a radio message at 3:15 a.m.: "Collision with tanker. No distress."

Later reports reiterated that there was no particular emergency, although the Coast Guard said the 10,418-ton Valcham was disabled.

The name of the dead tanker crewman was not learned immediately. He was said to have died of burns. His fellow crewmen were not believed badly hurt.

The 18,000-ton Santa Rosa is a new vessel placed in service by the Grace Line last June, replacing the Grace Line last June, replacing another, it was described as "still smoldering" at 6:15 a.m.

An extra supply of chemical fire extinguishers was being flown to the liner by helicopter.

The Coast Guard said the Santa Rosa's bow sliced halfway through the tanker into the engine room near the stern.

The two ships remained joined about 2 hours before the captain decided it was safe to separate them.

The Santa Rosa was damaged above the water line. The injured crewmen were taken on board.

## Trapped Miner Counts Blasts of Dynamite

LOS ANGELES (AP) — A gold miner lay helpless in a Death Valley tunnel, hearing the fuses for 18 sticks of dynamite hiss a song of destruction.

Frank Rasmussen, 35, could only wait. His right leg was shattered from a premature blast and gushing blood.

As he waited for the remaining changes to blast him into eternity, he gasped a prayer and buried his head under his arms.

Then he heard his alarmed partner, Harry Boyer, starting into the shaft from 18 feet above to see what was wrong.

"Don't come in here!" Rasmussen shouted. "No use both of us dying."

Moments earlier he had lighted the 40-inch fuses to 10 two-inch charges, spaced across the end of the tunnel wall. Ordinarily he would have had two or three minutes to get out. Something went wrong this time — a faulty fuse.

Wham! With each blast two sticks of dynamite went off. Rocks and dirt flew. The noise was deafening, the concussion terrific.

Rasmussen counted the explosions: One, two, three — ten in all counting the first one which had slammed him against the opposite wall 18 feet away.

As the echoes died away, Boyer charged into the shaft.

All he could see of his comrade was a shoulder sticking out of the debris. Boyer grabbed it and pulled Rasmussen's head free.

Boyer tied a rope tightly around Rasmussen's leg, to stop the pouring blood. Then he packed the injured man up, a ladder and drove him to the nearby village of Skidoo.

Rasmussen, from his hospital bed here, told the story Wednesday night. In traction with a leg broken in two places, he was waiting for X-rays to show how badly his back was injured.

## Tension Less in Kentucky Mines Strike

WHITESBURG, Ky. (AP) — Small mines sent coal to several processing ramps today as tension lessened in the strike-bound eastern Kentucky hills.

Loaded coal trucks rolled into two nonunion ramps near here owned by Roland Price. At least two other ramps in Perry and Knott counties were operating, and in Pike County half a dozen ramp operators were loading coal.

The mining and processing activity spread only a day after fast-acting United Mine Workers Union officials stopped a 700-man miner motorcycle as it headed for one of Price's ramps.

The action, ordered by UMW Dist. 20 President Carson Hibbitts after Gov. A. B. Chandler alerted the National Guard, helped still fears of an outbreak of real trouble. Some 1,200 UMW pickets had shown up at Price's Camp Fork tipple two days ago.

The UMW is striking in six eastern counties for a new contract which calls for a \$2 daily pay boost to \$24.25. It also aims at stopping the handling by union mines and processing plants of coal mined in nonunion mines.

Others who attended this meeting and who will play leading roles in the Hemstead County Cancer Crusade are Mrs. H. D. Kyler, Jr., Captain for the fund raising in the Beverly Hills area, Mrs. Roy Seewald, Captain for the Oakhaven area, and Mrs. Ernest Graham, District President of the American Cancer Society.

Mrs. Alvin Reynolds of Hope is treasurer for this year's Crusade and contributions to the Crusade may be made directly to Mrs. Reynolds at the Citizens National Bank, Hope.

## Plane Crashes Killing Two at Morrilton

MORRILTON, Ark. (AP) — A T-33 Air Force jet training plane crashed in a heavily forested section about 20 miles south of here last night, killing both occupants.

It was the second air force crash in this general area within the past three days. On Tuesday, a jet bomber plunged into nearby Redd Jean Mountain, the site of a Millionaire Wildthrop Rockefeller's estate, after an engine exploded. All five crew members parachuted to safety.

Wreckage of the T-33 was sighted about mid-morning from the air. The spot was inaccessible by plane or automobile, State Police and Air Force crews started for the site on foot.

About two hours later, Melvin De Long, radio operator at State Police headquarters at Little Rock, said his crew had reported by radio that the wreckage had been reached. He said both men were dead. Both were still in the plane.

The two men were identified by Vance Air Force Base near Enid, Okla., as Capt. Walter B. Horn, 34, St. Paul, Minn., and 2nd Lt. Joseph S. Zucker, 29, South Euclid, Ohio, both stationed at Vance.

Site of the crash is between Bigelow and Houston in Perry County.

The craft was on route to Vance from Wright-Patterson Air Force Base at Dayton, Ohio.

The plane was to have made a refueling stop at the Little Rock base last night. It did not appear there and shortly before the scheduled time of arrival, residents at Hatfieldville, a rural community 12 miles northwest of here, reported hearing an explosion and seeing a flash of light.

The Little Rock base lost radio contact with the plane shortly after 11 p.m. (CST.) There was no indication of trouble at the time.

## Brighter Job Picture for Arkansas

LITTLE ROCK (AP) — A brighter job picture in Arkansas was revealed today in a report from the state Employment Security Division.

Non-farm employment for February, 1959, was 7,900 above that for February last year.

The number of unemployed in the state in February was estimated at 29,500. This was below the 1958 figure.

Initial claims for unemployment dropped about 40 per cent between mid-January and mid-February, the report said.

The total number of non-agricultural employed persons last month, however, was practically unchanged from January. A rise in manufacturing employment was offset by a decrease in some other fields, particularly construction, where bad weather caused a decline of 700 jobs.

Claims for unemployment benefits totaled 24,005 during mid-week of Feb. 24, 11 per cent fewer than the number during January and 15 per cent less than a figure for the same period in 1958.

Initial unemployment compensation claims were down 40 per cent with \$9,210 filed, compared to \$11,487 last year.

The USD placed 4,822 persons in jobs during February, 325 more in January, and 749 more than in February of last year.

## Engineers Hope to Avoid Delay in State Dams

WASHINGTON (AP) — Army Engineers hope to avoid any delay in construction of two big Arkansas River projects — Bufala Dam in Oklahoma and Dardanelle Dam in Arkansas.

## Doubts Arrive After Taxes Are Estimated

By B. L. LIVINGSTONE

WASHINGTON (AP)—New revenue estimates by congressional tax experts cast substantial doubts today over President Eisenhower's hopes for a balanced budget next year.

Staff economists of the Senate House Committee on Internal Revenue Taxation predicted the government's income would fall more than a billion dollars short of the President's budget expectations.

Their annual estimates, which have been close to the mark in the past, put federal receipts for the year starting July 1 at only \$75,800,000,000.

Eisenhower had counted on \$77,100,000,000 in revenues in submitting his budget to Congress last January.

If borne out, the revenue shrinkage itself would knock administration budget calculations into the red without taking into consideration the probability of increased spending by Congress.

The legislators also have shown inclination to vote higher gasoline taxes and postal rates which Eisenhower asked as part of his proposal for a balanced budget.

Sen. Harry F. Byrd (D-Va.), chairman of the Senate Finance Committee, said even the staff estimate was optimistic.

"The need for the President to veto every bill involving excessive expenditures is crystal clear," Byrd said.

Administration experts said they're sticking with the budget estimates, at least for now.

However, one said they were doing this "with no real assurance that downward revisions in revenue estimates won't have to be made later."

The next set of administration estimates is due in September. However, Treasury aides said the figures doubtless would be revised before then.

**U. S. Buys Land for Dam Reservoir**  
LITTLE ROCK (AP)—About 700 acres of land needed for the Greers Ferry Dam and Reservoir in Cleburne County was obtained yesterday by the federal government.

The land was acquired by condemnation suits filed in U. S. District Court here. The government deposited \$3,930 with the court as payment, but the actual amount will be determined by jury trial.

A total of about 2,000 has been acquired for the project. About 40,000 acres will be needed.

## Crossett Firm Buys Kentucky Plant

CROSSETT, Ark. (AP)—The plant owned by The Crossett Corp. at all the assets of the Triangle Paper Bag Manufacturing Co. of Covington, Ky., was announced here yesterday.

Triangle is one of the nation's larger producers of grocery sacks made from unbleached kraft paper. The firm name will be changed to the Triangle Bag Co.

P. F. Walz, Crossett president, said there would be no changes in the general policies of either operation.

The purchase price was not disclosed.

## Mental Patient Kidnaps Girl, Is Captured

SACRAMENTO, Calif. (AP)—A barefooted former mental patient was captured today with a 12-year-old girl he carried away from her home here Wednesday.

He was booked for investigation of kidnapping.

However, both the man, William Edward Beckworth, 20, and the freckle-faced Lois Marbut, 12, denied to officers that she was kidnapped.

Sheriff's deputies Jesse Huie and Les Skiles spotted Beckworth's car stalled in a country lane 10 miles east of Marysville at 2 a.m. The husky Beckworth, unkempt and shoeless, offered no resistance.

He and the girl had been the object of a massive police search across northern California since Wednesday afternoon, when he took Lois and two playmates out of town, dropping off the other two children about 20 miles north of here.

A service station attendant at Nicolaus, 25 miles north of here, said Beckworth stopped to buy gasoline and the girl did not appear disturbed.

At the sheriff's office in Marysville, about 35 miles north of Sacramento, Beckworth was charged with kidnapping.

Beckworth has a record of arrest for petty offenses.

Lois and her twin Jois live with their mother.

The search for Lois was touched off when her two playmates, Pat 11 and Pamela Keller, 9, caught a ride back to Sacramento and reported the incident.

# DOROTHY DIX

No Hard and Fast Rules on Breaking Engagement

Dear Dorothy Dix:

I'd like to continue on some advice you recently handed out with which I'm strongly disagree. A young man, engaged to one girl, discovered he was in love with another. You told him to break his engagement and marry the girl he loved. I think he should stick with his fiancée. I was in the same predicament but I gathered up my courage, went through with the marriage and haven't regretted it since. I too thought I no longer loved my fiancée once I had her "on the hook." Who can feel love when worried or scared? A little fear is a good thing and proves you're not taking marriage too lightly. As for the other girl, that's simply an infatuation with the opposite sex which let's face it, a man never loses even after marriage. The question to be asked is: Which girl would you want to spend the rest of your life with? If any man is in a similar position and needs encouragement, here are a few suggestions that I hope will help.

(1) Spend as much time as possible with your fiancée. (2) When talking of wedding plans get your nervous, change the subject. Let the girl work these things out with her mother. (3) Talk more about the good times you'll have together after you're married. — H. C.

Dear H. C.: Thanks for your interesting and helpful letter. Everyone does get panicky when the wedding day approaches but when the panic is caused by an emotional involvement over a liked party, it's time to do some deep soul-probing to find out whether one is in love with his fiancée, the girl or just in love with love. The answer depends on the sincerity of his feelings for fiancée and the other girl. No bride answer solves all problems but usually it's better for an uncertain man to make a break. Glad you decided to stick — and made it!

Dear Dorothy Dix:

My best friend is an attractive girl except for one noticeable thing around her mouth. Follows kid about, it's calling her my "moisturized friend." She's a wonderful person, loyal and trustworthy. Would it be cruel of me to suggest something she can do? — Estelle

Dear Estelle: This is an annoying condition but can be removed so easily that it's a shame for anyone to continue being bothered by it. You'd be doing the girl a favor if you recommended a cure. There are excellent depilatory creams on the market; electrolysis, in competent hands, is very effective. Tactfully suggest that she try either one.

Dear Dorothy Dix:

By boy friend and I have been going together for two years and are very much in love. He often teases about getting married but, since we have no money, that will have to wait a few years. Here's the problem: He keeps six or seven pictures of his ex-girl friends in his wallet and only two of me. — Almost Jealous

Dear A. J.: Give him some more pictures of you. The other girls' pictures are probably there because he just hasn't bothered to remove them.

Send your problem to Dorothy

# Only Time Can Tell Who Got the Best Deal

By JOE REICHLER  
Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP) — Who got the better of the St. Louis Cardinals — San Francisco Giants deal?

Only time will tell, of course, but today's trade made the Giants a definite threat to the National League pennant and materially weakened the Cards.

The deal was completed Wednesday. It was a straight player transaction sending right-handed pitcher Sam. (Toothpick) Jones to the Giants in exchange for first baseman-outfielder Bill White and third baseman Ray Jablonski.

Jones could win 20 for a club with power like the Giants. Card Manager Solly Hemis admitted White had to get some punch into our lineup and this was our chance.

Manager Bill Rigney said in Phoenix that this was the most important deal of the club since they acquired pitcher Johnny Antonelli in 1954.

The addition of Jones makes our front-line pitching solid and our second-line deeper, said Rigney. "He'll be a strater. This guy can strike someone out."

Jones was the leading pitcher on the Cards last year, compiling a 14-14 record. His 225 strikeouts led the league, and his earned run average of 2.88 was second only to St. Louis' Miller of the Cardinals.

The Giants gave up White, a 241-batter last year after returning from the Army, and Jablonski, who hit .230 in 58. White, who is 25, was in only 29 games last year.

Jablonski, not much of a fielder, in 33.

So in the final analysis, the Giants gave up two players who didn't figure much in their plans for a pitcher who could help them win the pennant. The Cards, for their part, took a long gamble, perhaps a desperate one, to try to get some power in their lineup.

# Cubs Seem to Have a New Hurler

By DON WEISS  
Associated Press Sports Writer

The Chicago Cubs seem to have turned up a good pitcher in a raved-about right-hander, Bob Anderson. He went nine innings when he whipped San Francisco on a strong four-hitter last Friday and came back Wednesday with a fine seven-inning performance.

The 64, 200-pound Anderson pitched only two earned runs and six hits before giving way to fellow rookie Johnny Buzard, who nailed down the Cubs' 6-3 victory over the Cleveland Indians at Tucson.

He has the big strikeout pitch. In 127 innings at Fort Worth in the Texas League last year he fanned 121. He worked 66 innings for the Cubs in his late trial and whiffed 61.

The Cub power helped him much Wednesday as Lee Walls, Earl Averill and Bobby Thomson chipped in with home runs off Cleveland loser Dick Skagman. San Francisco celebrated the acquisition of Sam (Sam) Jones from St. Louis with a 9-4 victory over Boston at Scottsdale, Ariz., and Cincinnati whipped St. Louis 4-1 at Tampa. Philadelphia edged Detroit 4-3 at Lakeland. Milwaukee bombed Los Angeles 8-4 at Vero Beach. The Chicago White Sox topped Pittsburgh 4-2 at Fort Myers. Washington downed Baltimore 5-1 at Orlando, and Kansas City edged New York 3-2 at West Palm Beach.

The Giants, who gave up Bill White and Ray Jablonski to get Jones, clubbed Red Sox ace Tommy Brewer for 10 hits and 8 runs in 7 innings, handing Boston its fifth straight loss. Giants ace Johnny Antonelli worked five innings, allowing only two hits.

Frank Robinson's fourth homer of the spring and a five-hitter by route-going Orlando Pena enabled the Reds to break a seven-game losing streak, and a three-run rally against Jim Dunning won for the Phils over Detroit.

# Syracuse Ties Celtics in Pro Playoff

By THE ASSOCIATED PRESS

Attention in the National Basketball Assn's division playoffs slings back to the West tonight as Minneapolis entertains St. Louis in an attempt to square their series at two games apiece.

The East, its timetable a day ahead, already is even at 2-2 after Syracuse's 119-107 victory over the Boston Celtics Wednesday night. It was the seventh time in seven games that the home team had won.

If there's a break in the pattern coming, however, it may come tonight — now that St. Louis' one-two punch of Bob Pettit and Cliff Hagan seems back in operation.

Pettit, after two so-so games, broke out with 39 points in St. Louis' victory over Minneapolis at St. Louis Tuesday night — more like it for the league's scoring champion.

With Hagan, who has hit at a 32-point pace in the three games, the pair have accounted for about half the St. Louis points.

In the last game, Minneapolis' Elgin Baylor as limited to only three points in the first half and 15 for the game.

Boston and Syracuse will rest until Saturday afternoon.

Balanced scoring did the job for Syracuse, with Dolph Schayes scoring 26 points, Larry Costello 26, Hal Greer 21, and George Yardley 18. The Celtics' Frank Ramsey scored 29 points.

## New Clue in Man's Disappearance

MARIANA, Ark. (AP) — Sheriff S. C. Langston said today a possible new clue has been found in the disappearance of Joe Chivers, 34, former Lee County welfare director.

Chivers moved to Mariana last Dec. 1 and was last seen Jan. 23 by a local boy who said the official got out of his car on a bank of the L'Angeville River just east of town.

After the car was found parked near the bank several days later, Langston started dragging the river but abandoned the operation when nothing was found.

The sheriff said a maid cleaning up the welfare office during the past weekend found a key to the

## 41 States Give Sanction to Death Penalty

By ARTHUR W. EVERETT

NEW YORK (AP) — Forty-one states and the District of Columbia have sanctioned the death penalty for convicted criminals. But only nine states have executed a woman in recent years.

California is one of the nine, and its last execution with a woman in its gas chamber was so distasteful that a legislative effort now is underway to abolish capital punishment.

But, ironically, it was the state of California that Tuesday became the latest to doom a woman to death. She is Elizabeth Durkin, whose jealous love of her 30-year-old son drove her to promise two men \$6,000 to kill her daughter-in-law.

It was the 1935 execution of Barbara Graham, 32, in the San Quentin prison gas chamber that sickened many Californians on capital punishment.

A prostitute turned robber, she died with two professional robbers for the murder of a 63-year-old Burbank, Calif., widow in a robbery attempt. The case formed the basis for a current movie, "I Want to Live," starring Susan Hayward.

After Miss Graham's death, Atty. Gen. Edmund G. Brown, now governor of California, was moved to declare: "This business today has been like some dark memory out of the Roman Coliseum."

"I hope Barbara Graham will be the last woman to be executed in the state of California," New York probably has executed more women than any other state—eight by state decree and a ninth by mandate of the federal government. The latter was a participant with her husband, one of the most famous cases in American history—the Rosenberg atomic spy case.

Ethel Rosenberg went with her husband Julius to Sing Sing's electric chair June 19, 1953. She died with no display of emotion.

In recent years, Ohio has put three women to death in the electric chair and South Carolina and Alabama have electrocuted two each. Illinois has electrocuted one.

The Donald Kleinschmidt family, both parents and four young children, were stricken ill at their home in nearby Haddon Heights, N.J., after eating a fish dinner Tuesday night.

Dale, 3, the youngest, died shortly after admission to Cooper Hospital in Camden. Two brothers and a sister were seriously stricken.

Representatives of the U.S. Food and Drug Administration were informed Wednesday of the cause of the youngster's death. Laboratory analyses of the family's dinner indicated a high content of sodium nitrite, a poison which in much smaller quantities is sometimes used as a preservative for meats.

Meanwhile, three women had suffered attacks of food poisoning after eating fish in a Philadelphia restaurant Tuesday night.

Robert C. Stanfill, local director of the federal food agency, said his inspectors quickly traced the fish, in both instances fileted fluke and flounder, to a single wholesale distributor in Philadelphia.

The city health department meanwhile had issued a warning on a telephone service which reaches newspapers, radio, and television stations in the area.

The first report said "all flounder purchased yesterday and today is poisonous" and should be destroyed.

Radio and television programs brought the news at the dinner hour to homes where the Lenten meal was being prepared or had already been eaten. Telephone calls poured into stations, papers and city agencies.

## Traditional Easter Ham Is Featured

By THE ASSOCIATED PRESS

The traditional Easter ham served at many American dinners this Sunday will be considerably cheaper than a year ago.

Thanks to abundant supplies of pork, ham prices are 3 to 8 cents a pound lower than last Easter.

Turkey also will be featured in many grocery stores. Some stores report prices off as much as 6 cents a pound from last spring.

Eggs are down 2 to 8 cents a dozen from last week's quotations. Supermarket coffee prices are down 16 cents a pound from a year ago.

A few stores are making sharp reductions in steak prices. Some also are marking down fryers 2 to 6 cents a pound.

Butter is a cent or two cheaper in some areas.

Aside from potatoes, best bargains among vegetables are such cooking greens as spinach, collard, kale, endive and escarole. Lettuce, broccoli and asparagus also are very good buys. Other good bets include celery, topped or bunch carrots and mushrooms.

Cauliflower, cucumbers, radishes and yellow or green squash are moderately priced.

Best fresh fruit buys are grapefruit, Valencia and navel oranges, lemons, bananas, pineapples and rhubarb. Apples are still on the good buy list.

## Poison Fish Causes Death of a Youth

PHILADELPHIA (AP) — The death of a three-year-old boy who had eaten poisoned fish touched off an alert Wednesday night that spread fear throughout the East for several hours.

Later, a statement from federal food inspectors indicated the bad fish was confined to a relatively small amount in the Philadelphia area.

The Donald Kleinschmidt family, both parents and four young children, were stricken ill at their home in nearby Haddon Heights, N.J., after eating a fish dinner Tuesday night.

Dale, 3, the youngest, died shortly after admission to Cooper Hospital in Camden. Two brothers and a sister were seriously stricken.

Representatives of the U.S. Food and Drug Administration were informed Wednesday of the cause of the youngster's death. Laboratory analyses of the family's dinner indicated a high content of sodium nitrite, a poison which in much smaller quantities is sometimes used as a preservative for meats.

## Blytheville Club Gutted by Fire

BLYTHERVILLE, Ark. (AP) — The one-story frame home of the Blytheville Country Club was destroyed by fire which broke out about midnight last night.

A club spokesman said damage might run in the neighborhood of \$100,000. The loss is partly covered by insurance.

The club basement which housed the golf professional's quarters and members' lockers containing golf equipment escaped with slight damage.

The fire apparently started in the kitchen of the sprawling building. Its exact origin was not determined. No one was in the building at the time.

Five units from the Blytheville Fire Department responded to an alarm. The firemen were handicapped by lack of nearby fire hydrants. They laid hose to the nearest plug, about a quarter-mile away, and also pumped water from the club swimming pool.

The fire hose blocked traffic on Highway 9 for a time. Some of the club is about a half-mile north of the city limits.

## Chaffee Unit Will Go to Ft. Sill

WASHINGTON (AP) — The Army will transfer to Ft. Sill, Okla., the advanced artillery training functions now carried out at Ft. Chaffee, Ark.

Chaffee is one of several Army posts to be closed this summer.

So has Virginia, but not since 1911. Two women have gone to the gas chamber in South Carolina, and one in Missouri. In the latter case, years ago, a murderer was hanged.

## News Briefs

VATICAN CITY (AP) — Pope John XXIII held a Holy Week general audience in St. Peter's Basilica today, as thousands of pilgrims and tourists gathered in Rome for Easter. The Pope spoke briefly, urging his listeners to act with charity toward their fellow men.

NEW DELHI (AP) — U.N. Secretary General Dag Hammarskjöld left by air for Moscow this afternoon, ending his Asian tour. He said there was no special significance in his visiting the Soviet Union, that "it happens to lie on my route."

KANSAS CITY, Mo. (AP) — The frame house in nearby Lamar where former President Harry Truman was born will be dedicated as a public memorial April 19. It was purchased several years ago by the United Auto Workers

which will turn it over to the Missouri Park Board.

Truman will attend the ceremony, set for 4 p.m. the approximate hour of his birth. He will be 75 years old May 8.

MADRID (AP) — American movie actress Debbie Reynolds left today by plane for a holiday in Rome after completing scenes in Spain for the picture "It began with a Kiss."

BANGKOK, Thailand (AP) — The government today stepped up a campaign to root out Communists operating underground in this southeast Asian kingdom. "There'll be arrests soon," predicted the minister of interior, Lt. Gen. Phraphas Charusathien. The Communist party is banned in Thailand.

KHARTOUM, Sudan (AP) — Sir Abdel Rahman El Mahdi, 73, bitter foe of Egypt who headed stubborn opposition to President

Nasser's ambitions to control Sudan, died Tuesday night.

DETROIT (AP) — Brian Lee Forrest, 11, doesn't like to be needed.

When it was his turn for a routine skin test with a needle at the Herman Keifer Hospital he ran out of the waiting room.

His mother ran after him but never caught up until he reached home — five miles away.

"Mom, that needle looked like a sword," he explained.

HONOLULU (AP) — John Peeha selected as outstanding young man of 1938 for the Hawaiian Island for Molokai will be sentenced April 14 for embezzling \$200 from Molokai Community Hospital.

Peeha, 35, was a bookkeeper at the hospital. He pleaded no contest to the charge before Circuit Judge Cable A. Wirtz in Wailuku.

PROVIDENCE, R.I. (AP) —

Mary C. Thomas, 62, paid \$750 for an unneeded hit at a Grand

star bingo game.

Mrs. Thomas was hit on the shoulder and hit by a child's

rocking chair displayed atop some

carbons at the game last July 11.

She sued the United Merchandise Exchange, Inc., and was

awarded \$750 Wednesday for damages by Superior Court Judge

Patrick P. Curran.

## Boy Climbs Into Yard, Killed by Dog

OLYMPIA, Wash. (AP) — An 80-pound Siberian husky Tuesday attacked and killed a 5-year-old boy who had climbed through a hole into a shed where the dog was chained.

Bill Sullivan, son of Mr. J. M. Sullivan, 57, of Tumwater, Wash., died of a slashed jugular vein and other injuries, Thurston County Coroner Hollis Fultz said.

Watchman Found Guilty in Shooting

BENTONVILLE, Ark. (AP) — Orville Nowlin, 47-year-old Gravelle night watchman, was found guilty last night of second degree murder in the fatal shooting of Carthal Barnwell, 41.

An all-male jury recommended a sentence of 15 years in prison. Judge Maupin Cummings set sentencing for Monday.

Nowlin contended he shot Barnwell, a Gravelle pool hall operator, in self defense. The slay-

Expect Ike to Spell Out Summit Plans

By JOHN M. HIGHTOWER

WASHINGTON (AP) — President Eisenhower may spell out his summit conference views more fully today at his first news conference since meeting with Prime Minister Harold Macmillan of Britain.

Advance expectation was that he might emphasize again his desire for progress toward settlement of the Berlin crisis in advance of any firm agreement with the Soviet Union on the time and place of a meeting at the summit.

The United States, Britain, France and West Germany have agreed on the wording of different but similar notes to Moscow concerning both a May meeting of East-West foreign ministers at Geneva and an offer to Soviet Premier Nikita Khrushchev of a later session of government chiefs. The notes will be delivered as soon as they are cleared with the NATO allies.

Further, it was learned that the British, French, U.S. and West German foreign ministers plan a meeting of their own in Paris next month to complete the strategy they will follow and the proposals they will present in the May conference with the Soviets at Geneva.

German Chancellor Konrad Adenauer and French President Charles de Gaulle have approved the substance of a compromise formula on the summit conference question which Eisenhower and Macmillan agreed on in week-end conferences.

But De Gaulle will use his own wording, and the U.S. and British notes also will differ somewhat. Diplomats who reported this said it means there are still significant differences among Western leaders about the conditions for going into a summit meeting.

Essentially Macmillan still considers a summit conference inevitable whether or not the foreign ministers make progress toward a German solution.

Eisenhower believes that the work of the foreign ministers must justify a heads-of-government conference. De Gaulle's views are reported to be even stronger on this point than Eisenhower's.

Mode Murder Trial Starts at Morrilton

MORRILTON, Ark. (AP) — Lee Mode, on trial here for first degree murder, was described today as having been seen with his alleged victim's wife while she wore only underclothing.

Cecil Barnett, 68, of Conway, stepfather of the slain Delbert Lee Russell, testified that he found Mode and Mrs. Russell in the living room of the Russell home about a year ago.

The time was several months before the 36-year-old Russell was shot to death on a Conway street last Oct. 13 in the culmination of what the state contends was a love triangle involving the Russells and the 64-year-old Mode.

Barnett told the all-male jury that when he entered the Russell home, Mode was leaning against a doorway and the scantily-clad Mrs. Russell was sitting on a couch.

When Mrs. Russell saw him, Barnett said, she ran into a bedroom and covered herself with bedclothing.

Barnett said that after he left the house, Mode remained inside "for most of the morning."

At the time Russell was a tenant on the Mode farm near Guy, The house is on the farm, Barnett said he had been employed to do some work on the Mode farm.

Mrs. Barnett, 55, the mother of Russell, testified to seeing Mode drive past her house "practically every day" on his way to the Russell house nearby, he said "no one thought anything about it" however.

Gordon Holl, an employee of the Conway waterworks, testified that he saw Mr. and Mrs. Russell and Mode near the waterworks last spring.

Holl said Mrs. Russell and Mode, who had cuts on his hands, were sitting on the ground and that Russell was standing over them with a pistol.

States attorney yesterday said that Russell had taken the pistol away from Mode during a struggle.

Elephant Decides It Is Safer to Walk

PINE BLUFF, Ark. (AP) — When a truck carrying an elephant side-swiped a highway bridge near Pine Bluff today, the animal apparently decided it would be safer to get out and walk.

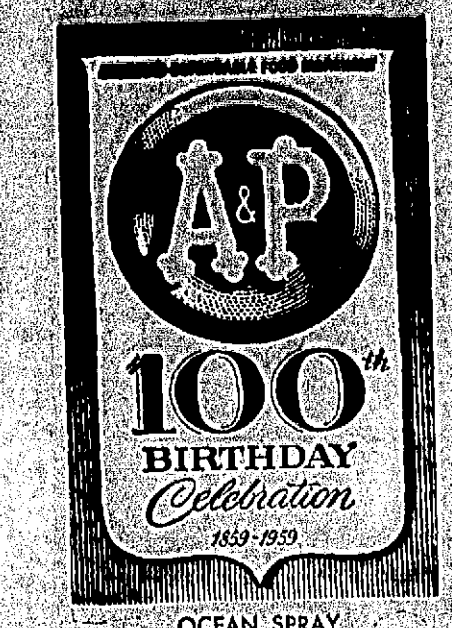

The elephant did just that. It clambered out of the open bed of the halted truck and moved majestically down the road.

Ernest Gelschell, of Hope, the truck driver, failed to coax the animal back into the truck. The elephant is being used in a promotional campaign conducted by a grocery chain.

Gelschell finally tethered the elephant to a steel tower near the U.S. Highway 78 bridge, north-east of here while pondering his next move.

The truck was not damaged.

Intermediate range Polaris missile will be ready for launching from nuclear powered submarines in an operational status next year.

© 1959 by Robert Martin  
By Robert Martin

After Koller called this afternoon to tell me that the shipment this morning was satisfactory and that we still have their business, I told him that I was going to see him. I told him that I was going to see him. I told him that I was going to see him.

He lifted this shoulders. "What of it? They're all Buckeye wheels. Sure. But I just had the original Portage shipment tested. Eight out of the 50 blew up. Somebody deliberately damaged those wheels, thinking they were to go to Portage."

"I said, 'But what about the shipment to Portage? By switching the shipment, I merely argued that someone here is damaging the Portage wheels only. You can't keep switching shipments to outsmart him.'"

"He said, 'I feel certain that everything will be fine from now on.'"

"It's not fine with me," I snapped. "Last night somebody here shot at me—twice."

"He raised gray eyebrows and his pale blue eyes were faintly humorous and indulgent. 'Shot at you? Now, really...'"

"To kill me," I said. "Or may be just to scare me, to stop me from further investigation. Either way I don't like it."

### UAW Prevents Big Strike Demonstration

By WILLIAM J. WAUGH  
WHITESBURG, Ky. (AP)—United Mine Workers officials prevented another mass demonstration at a nonunion Letcher County mine today but kept a small force of pickets at the scene.

Earlier the trucks had been accompanied to the mine by armed escorts but the guns disappeared when State Police announced they would arrest anyone displaying a weapon. More than 1,000 pickets showed up at the mine Tuesday.

The UMW is striking in six east and Kentucky counties for a \$2 a day wage boost to \$24.25. Price, a nonunion operator getting coal from small truck mines, shut down Tuesday and the pickets dispersed.

### Jury Named to Try Love Triangle Slayer

INDIANAPOLIS (AP)—A jury of 12 men was sworn in this morning to try Minnie B. (Connie) Nicholas for the killing of the wealthy, married lover who lured her to her death.

Two alternate jurors remained. The jury will try Mrs. Nicholas on a first-degree murder charge in the pistol slaying of Forrest Teel in his car last July 31 after he left the apartment of a new friend. He was an executive vice president of the Eli Lilly & Co. pharmaceutical firm.

Clarissa Ackerman was sitting beside the bed holding one of her husbands hands. Ackerman was propped up on some pillows. Bandages still covered most of his face. They both looked at me in surprise. May I come in?" I asked.

"By all means, Bennett," Because of the bandages, Ackerman's voice was muffled. "I understand you and my wife have met."

Clarissa Ackerman smiled at me. Once more I thought that the smiling she was almost beautiful. I said to Ackerman, "I'm glad to know that you're better."
